LIBERTY NEWS

Dear Editor:

We are in this pretty weather has awakened the farmers or has put a new song in their mouths. It looked like a time like there wasn't anything that could be done so much rain, but now we are nearly done planting.

It took like we might get a pretty good stand. It looked like the gardens were going to fail us but we had plenty of turnips and some pretty tomato vines. I see some small tomatoes on vines. I guess Irish potatoes are pretty good. Stands of corn are pretty good; did not have to plant over.

Last week we noticed Homer Price Stokes who is operating a tractor, was so busy trying to plant peanuts, running double, planting, putting out guano. We see him out early this morning. Oh, this is quite a busy time.

This is cotton chopping time. Of course there is not so much cotton. On the Clark place they failed to get a stand so they are planting it all in peanuts. Some have late cotton. As school is out, that will help.

Plums are getting ripe. There will be lots of peaches. Well, my right arm is still bothering me. I sometimes think I won't be able to write, then I think how cheerful the letters from boys overseas are, so I keep on trying.

Clarence Hanchey was home on a furlough last week end and left the 8th to go back to his base. His

Hub Morrow and family were home Sunday evening. Elmer Bryan and Dot dined with the writer. Spencer and Myrt Olive, called by Sunday. Mr. and Mrs. H. E. Morgan were here Sunday afternoon.

With best wishes to all, we bow in sorrow for those who have lost loved ones.

This year the principal of Coffee County High School, R. L. Bates, and Olen Roberson, principal of the New Brockton School, drew straws for the privilege.

The teachers and student body select the boy, requirements being that he be in the junior class, rank well in scholarship, interested in the study of government, and able to impart the acquired knowledge of training received to his fellow students next school session.

Have Your Car Serviced By The Calendar ---

(Once Each Month)

HERE'S WHY . . .

Lubricants are affected by TIME as well as by MILES.

Rain and mud wash away chassis lubricants. Grease dries out and hardens.

Your car must last for the duration and you can't take chances of ruining vital parts by neglecting them. Under restricted driving, TIME, not MILES, should be your lubrication guide.

Lubricate your car every MONTH—not every thousand miles, as you did under normal driving conditions.

WORKERS' COUNCIL AT NEW BROCKTON

PAYING OFF DEBT

Dr. G. L. Weidner, health officer for Coffee and Gene-

va Counties, believes in tak-

ing the long look in the con-

servation of human life. His

ideas and plans for this pur-

pose were outlined in a talk

before the Coffee Council of

Workers at their monthly

meeting held in the New

Brockton School Friday af-

ternoon, May 12.

Stating that perfect de-

velopment of the human

species is harder than that

of the plant or animal, he

held nutrition to be the ma-

nor agency in development

of general good health

among his people.

Menaces common to rural

health include shallow

wells and improper sanita-

tion, he stated, appealing

that this blot be removed. A

total of 1,700 persons have

been immunized against ty-

phoid in Coffee County dur-

ing the past two weeks, ac-

ording to Dr. Weidner, whose

goal is to remove the cause

that makes this immuniza-

tion necessary.

A review of his unceas-

ing warfare on venereal dis-

ease and his present activi-

ty in the campaign for the

prevention and cure of can-

cer were recounted and in-

cluded in his plans for the

summer months.

B. A. Johnson, vocational

agriculture teacher in the

New Brockton School, and

H. T. King, assistant county

agent, were speakers on the

program.

Prof. Johnson gave a

brief summary of his class-

es of farmers and their ac-

complishments. Plans for

the vacation months include

care of and prevention of

disease in hogs and poultry,

supervision of boys' produc-

tion projects, shop classes

and trips with his boys to

Autumn and other places.

Mr. King will spend the

coming months supervising

4-H pig and pure breed calf

growers, there being at

present 36 members of the

Pig Club and 45 enrolled for

calf feeding. Recreation will

include 16 summer picnics.

Hugh D. Sexton, presi-

dent, was in charge of the

meeting which was the last

for the present season. The

meetings will be resumed in

September.

LITTLE BOY DIES

Roy Alford Danley, small

son of Mr. and Mrs. R. D.

Danley, died at the family

residence in Liberty commu-

nity Saturday. He was born

April 23, 1942. Surviving

besides his parents, is one

sister, Mary Jean Danley.

Funeral services were

held at Liberty Church Sun-

day afternoon at 4 o'clock,

with Elder Malone Mer-

edith officiating. Burial was

in the church cemetery.

Palbearers were: Otis Mc-

Cart, Edd Mayberry, Cary

Meek and Lester Tanner.

Bonneau - Jeter had charge

of arrangements.

ALABAMA BAPTISTS PAYING OFF DEBT

The Alabama Baptist

United Debt Drive is meet-

ing with good progress, ac-

ording to Dr. A. H. Reid,

president of the Alabama

Baptist Convention and di-

rector of the drive. Dr. Reid

has announced that \$182,-

502.88 in cash and bonds

had been received as of May

1st. In addition to the cash

and bonds, approximately

\$200,000 has been received

in subscriptions to be paid

during the year.

The drive purposes to

raise \$300,000 extra during

1944 to clear all Baptist in-

stitutions and agencies in

Alabama of debts. It was

began in January and will

extend throughout the year

or until the full amount has

been raised. In each of the

71 Baptist district associa-

tions in the state, a director

has been appointed to pro-

moter the drive, and the as-

sociation has been given a

quota to be raised. Also

each of the 2,327 Baptist

churches in the state has

been given a suggested

amount to be raised. Already

595 churches have raised

their quotas or more, and it

is expected that all churches

will share in the undertak-

ing.

Dr. B. R. Justice, pastor

of the Enterprise Baptist

Church, is directing the

drive in the Coffee County

Association. This associa-

tion was asked to raise \$6,-

000. Dr. Justice has report-

ed the
